Solar Light Circuit Board LED Control Module with Remote Controller, Adjust Brightness for Solar Integrated Street Lamp Modification, 3.2V to 3.7V Batteries, 40W Solar Panel Input

Product descriptions from the supplier Sukite PWM Boost 3238 3.2V 40W 20A Solar Charge Controller for Street Light Solar Energy With Sensor Project Street Light

In short, this 3.2v/3.7v remote control radar solar driver board 40w high-power human body sensor solar light circuit board is not only powerful and easy to operate, but also ...

3.2V / 3.7V 40W solar light source board, built-in two kinds of light colors, white light/warm light, with remote control, can switch the light color. Uses: It can be used for solar garden lights, ...

About this item 3.2V / 3.7V 40W solar light source board, built-in two kinds of light colors, white light/warm light, with remote control, can switch the light color. ...

Click Here to be notified by email when 40W SOLAR FLOOD LIGHT FL-25 becomes available. Enquiry about product?

A perfect integral lamp solution for smaller scale lighting requirements including pathways, compounds and yards. The lamp unit, battery and controller are in one unit that is provided ...

About this item 3.2V / 3.7V 40W solar light source board, built-in two kinds of light colors, white light/warm light, with remote control, can switch the light color. Uses: It can be used for solar ...

3.2V 3.7V Radar Human Body Sensor Solar Street Light Circuit Board Driver 40W Product Description Notice: 1. The products may not be exactly the same as in the pictures, ...

3 2V 40W solar light
