Bwitt is the world's leading provider of rack-mounted telecom inverters and modular DC power rectifier system factories. Bwitt solutions include a complete series of telecom inverters, high ...

Our rectifier systems boast excellent power density while fulfilling space and weight requirements. They leave plenty of room for other equipment and create savings in packaging and ...

Delta Eltek Rectivertor combines rectifier, inverter & transfer in one 48V unit. Reliable AC/DC backup for telecom, rail, power utilities & more.

The Flatpack2 48/2000 Super HE is contributing to setting the new industry standard for efficiency in the DC power market. With an efficiency of 97.8% the Super HE is a premium rectifier ...

The Infinity S DC power system is a compact power plant that supports dual-voltage (+24V/- 48V) operation using a comprehensive range of advanced rectifiers and DC/DC converters.

These versatile Rectifier Modules function as either power supplies or battery chargers for 12, 24 or 48 volt systems; positive, negative or floating ground. They may be employed singly or in ...

Built on HE technology from the Flatpack2 HE rectifier family the Rectivertor 230/1500 48/1200 provides backed up power for 230 VAC loads with minimum losses and footprint. It is a 3 port ...

The converged NetSureTM Inverter Series powers AC and DC loads in a single subrack with a common battery bank, freeing up floor space while minimizing energy loss and lowering ...

Rectifier and inverter in one box The Rectivertor is a 3 port device capable of charging the 48V battery and simultaneously provides power for the AC and DC loads.

The ETR+3048 is a high efficiency rectifier module, designed and optimized for the demanding power needs in centralized or distributed architecture systems across various applications and ...

The ETR+3048 is a high efficiency rectifier module, designed and optimized for the demanding power needs in centralized or distributed architecture ...

Our rectifier systems boast excellent power density while fulfilling space and weight requirements. They leave plenty of room for other equipment and ...
