-----  
How much did Guyana export in 2023?

A country located on South America's north-central coast between Venezuela and Suriname, the Co-operative Republic of Guyana shipped US\$10.8 billionworth of exported products around the globe in 2023. That dollar amount reflects a 181.4% increase compared to \$3.84 billion 5 years earlier in 2019.

What percentage of Guyana exports to Europe?

From a continental perspective, 30.1% of Guyana's exports by value was delivered to European countries while 29.2% was sold to importers in Latin America excluding Mexico but including the Caribbean. Guyana shipped another 23.2% worth of goods to Asia.

What is Guyana's economic performance?

Another key indicator of a country's economic performance is its unemployment rate. Guyana's unemployment rate averaged 12.43% for 2023, up slightly from an average 12.423% jobless rate one year earlier in 2022 according to Trading Economics metrics. Guyana's capital city is Georgetown.

Does Guyana have a strong competitive advantage?

Guyana generated highly positive net exports in the international trade of crude oil. In turn, these cashflows indicate Guyana's strong competitive advantage under the mineral fuels-related category. Below are exports from Guyana that result in negative net exports or product trade balance deficits.

Standby Power Engineering Company (SPECOM) was established in the year 2001 in Guyana with an objective to provide Clean and Uninterruptible power to critical and sensitive electronic ...
