Who is OEM switchgear?

In addition we are distributors and original equipment manufacturers utilizing switchgear components from many of the world's most popular brands. Our OEM switchgear is designed and manufactured to provide years of safe, trouble free service and meet or exceed all applicable ANSI, IEEE and NEMA standards.

What is a high voltage switchgear?

Typically used in power substations and industrial plants, these high voltage (HV) switchgear devices are designed to withstand high voltage levels and provide protection against power surges and short circuits to transmit electricity over long distances.

What is a custom manufactured switchgear?

Our custom manufactured switchgear solutions are designed to meet companies' specific power distribution equipment needs, and we are known as the preferred choice among custom switchgear manufacturers. We offer a wide range of stainless-steel, metal-enclosed, and metal-clad switchgear, as well as switchboards ranging from 208V to 38kV.
