Is freedom solar the cheapest solar system?

Freedom Solar is not the cheapest, according to Penny in Texas. Her quote was about \$4,000 more than another company she considered. On the higher end, Russell in Texas spent over \$120,000 on a system, including the Tesla battery. Despite higher upfront costs, many customers report big savings.

How did ConsumerAffairs choose the best solar energy companies?

The ConsumerAffairs Research Team used a research-backed, data-driven approach informed by our expert editors to choose the best solar energy companies. We considered thousands of verified reviews, equipment options, payment options, system warranties and production guarantees.

Where can I buy solar panels online?

ShopSolar is a great option for homeowners who want to build their own solar systems. The online retailer offers a wide selection of equipment, fast shipping and responsive customer support. You'll find new and used solar panels, batteries, inverters, charge controllers, cabling, mounts and racks -- everything needed for off-grid or hybrid systems.

What makes a good solar company?

The best solar companies are often associated with the North American Board of Certified Energy Practitioners (NABCEP) or are certified by the Solar Rating & Certification Corporation (SRCC). 4. Ask about efficiency. Some solar panels work better than others. Higher-efficiency solar panels cost more but can make more power in less space.
